Due to problems with the corruption of our data related to the 03/20 filing
– we are now having problems amending the 11/23-12/31 report and
getting changes to save. We have hired Timothy A. Koch or Koch & Hoos, LLC
to aid in amending our curr reports from 11/23-on and getting our data corrected
both at the FEC and via amended reports. Please see log notes from electronic
filing office related to problems occurring on the 3-20 report. Phone message
left on William Riquist voicemail 04/08/05. Request wipe of data on FEC side
for the 3/20 filing so we can resubmit clean data without duplication. We
have copy of 1/31 backup with no 2005 info. The data on this file is not corrupted
but will need to refile amended year end, 2/20 and 3/20.

Please contact either tim at K&H 703.683.6644 or Robert Kraus at LNC ASAP
